

Civil Partnership Testimonial

We honestly couldn't have had a better day. During the whole planning process we got lots of help and all our options were explained clearly and no question was treated as too small.

The rooms on the day were just beautiful, and that was without us having to add a single thing. Giving us the Lynnbury Suite for our small ceremony was totally unexpected and a really thoughtful and lovely touch. It made it so exciting for our later ceremony as we got to see a whole new room all dolled up! Our guests and photographer had lots of nice things to say about the hotel in general and the gorgeous grounds.

Sharon was brilliant on the day. She always made sure we knew where we were going and that we were happy with everything. We felt that everything was in safe hands and we had no worries for the whole day. Laura in the Spa was also great and very patient when one of our parents went missing for her make-up appointment.

In general, even though the food was great, the setting was fantastic and the rooms were beautiful, it was really the staff that made the day so special. Everyone was so helpful and did everything they could to facilitate us, even when we were a bit awkward! But more than that, everyone was so friendly and we felt that they genuinely care about giving us a great day. Lots of our guests commented that it was a long time since they saw so many hotel staff with smiles on their faces the whole time and so eager to help as well. It felt like we all got really personal treatment and that made Bloomfield really stand out.

From our very first visit, we just knew Bloomfield was the place for us. It's hard to explain, but there's a really "homely" feel about the place and we hope that never changes as it's hard to find.
